DANCE DIFFERENT, RHYTHMIK

Onsoul is a rising DJ and producer who explores the jungle of music since the age of 9. Through his mid teenage years this journey took him to the world of House and Techno, making waves with his upcoming rework of "Khanyisa" supported by the Berlin based crew, Keinemusik.

His eclectic taste for music gets you on an experimental ride with melodic compositions rooted in the soul. When performing, his constructive dancefloor swing is more than just something to listen to; it takes people to a different world, makes them feel different emotions, and makes them want to dance different.

Beyond his solo passion, Onsoul, alongside his childhood friends, has founded the label/band Dance Different. Their most recent showcase left a resounding mark, and their production garnered enthusiastic support from esteemed artists like Blondish. This marks the beginning of a promising career for a talented, committed soul striving to reshape the world of electronic music.
